WHEN AUTUMN COMES

There is a time in the last few days of summer when the ripeness of autumn fills the air

FROM UP  
ABOVE

We saw the gentle curve of the bay. Simply beautiful.

Ten percent of the big fish still remain. There are still some blue whales. There are still some krill in Antarctica. There are a few oysters in Chesapeake Bay.

Half the coral reefs are still in pretty good shape, a jeweled belt around the middle of the planet. There's still time, but not a lot, to turn things around.
